

CHELSEA HARBOR / DOWNTOWN NORWICH Mobility Study

Why a Mobility Study?

- To develop **alternatives** to the current traffic configuration and flows
- To improve **access and safety** for bicyclists, pedestrians, drivers, transit users
- To **expand recreational use** of the waterfront area and boating access
- To foster **additional economic activity** in the downtown

What will be done?

- Collect data on existing conditions (traffic counts, signals, infrastructure, etc.)
- Get feedback from public, City staff, CTDOT
- Develop possible alternatives for implementation

Where is the study taking place?

- Downtown Norwich:
Route 2, Route 82, Route 32, and Route 12; Chelsea Harbor

When is the study being done?

- Summer 2023-Summer 2024
